MFS just came out with one of the best Exhaust Hood Degreaser (Grease Eater) on the market for cleaning tough grease off commercial kitchen exhaust hood systems and MORE. Our chemical is super strong & concentrated, but safe to use unlike many harsh chemicals in this industry that if you get them on your hands you have to run to the hospital.

Grease Eater is a private label product for cleaning tough grease from commercial kitchen exhaust hood systems, restaurant kitchens, filter soaking, and other applications. Exhaust Hood, Filters, Ducts, Fans, Floors, Mats, Restaurant Equipment, Smokers, Grills, Back Splashes, Baffle Filter Soaking, Any Greasy Surface Grease Eater is good for Restaurant Kitchen; Exhaust Hood, Filters, Ducts, Fans, Floors, Mats, Restaurant Equipment, Smokers, Grills, Back Splashes, Baffle Filter Soaking, Any Greasy Surface

You can clean Diners, American, Chinese, BBQ, Italian, Fast Food, Cafes, Steak Houses, Mongolian, Japanese, Bars, Bistros, Burgers, Pizzas, and Sea Food. Brazilian, Spanish, Greek, Mexican, and other wing restaurants are available.

It's a fantastic chemical product that you'll enjoy.
