Our professional team consists of skilled designers who have been trained in the latest techniques for creating beautiful landscapes that will not only please you but also add value to your home or business property! When you're ready for a new look for your home, Highland Grove Landscaping & Farm is here to help. We've been creating unique outdoor living environments for residential and commercial clients in Central Florida since we opened our doors many years ago. Since then, we've continued to expand our services as we take on new and bigger projects. You can rely on us for low maintenance and installation that will keep your landscape looking its best. Our residential landscaping in Clermont process begins with a consultation meeting where we identify your goals and offer recommendations where necessary.
