You shouldn't have to put your life on hold because of joint pain. Are you searching for hip replacement alternatives? If so, then you're probably looking for answers. You may be wondering why your doctor is recommending surgery when there are other options out there. Maybe you're worried that you'll miss work as a result of the procedure, or maybe you just don't want to deal with the downtime following surgery. Whatever your reasons, At QC Kinetix (Sandy Springs), we specialize in providing non-surgical regenerative medicine treatments for knee pain, shoulder pain, elbow pain, hip pain, wrist pain, and more to residents throughout Sandy Springs and surrounding communities. Our treatments are designed with you in mind—with the goal being to help our patients get back to the activities they enjoy as quickly as possible. We are glad to offer free consultations for interested clients, schedule yours today!
